Fire Hazards

SKILL LAB: MANAGER'S SHEET

Facilitation of Skill Lab:

1. Instruct employees they will watch a video and identify the fire hazards in the video.
2. Play fire hazard identification video.
3. Tell them to take a few minutes to decide how they could fix or address each hazard they identified in the video.
4. Have them share the hazards they identified and how they would address or fix each hazard.
5. Rate the employees and provide feedback for each step.

Take-away Question:

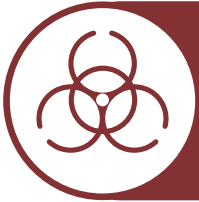

Ask the employees the take-away question and 2-3 days later have them answer the question. If they are new employees, wait a week to have them answer the question.

- What are common fire hazards I need to look for more often?
